

Director: Mark Glenn's words follow

The forces of evil in the world, always intent upon destroying the order as set for by the creator, have pitted the Christian and Muslim peoples against each other under the age-old guise of divide and conquer. According to this agenda, once the two peoples have exhausted each other (or completely wiped each other out) no measurable resistance to this evil agenda, whether it be called Zionism or Jewish supremacism--will exist. It is imperative, for the sake of all humanity that the Christian and Muslim people recognize that a powerful, fanatical third party devoted solely to Jewish interests have created this 'clash of civilizations' when indeed none should exist. Christians and Muslims have every reason to live peaceably amongst each other, not the least of which is due to the fact that they share a common enemy, namely Israel. It s the goal of the Crescent and Cross Solidarity Movement to make these truths known and in the process to defang the beast and hurl him back into his cage.
